## **Editorial**

**Sabaragamuwa University Journal** is refereed journal that publishes peer reviewed original research papers of both experimental and theoretical nature.

The Sabaragamuwa University Journal encourages initiatives and actions concerning the improvement of education, research, marketing and management, in order to achieve sustainable development. It brings valuable opportunities for those offering ideas, concept, products, technologies, services, educational programs or other related activities, thus contributing to a closer relation with the demand of the local as well as international readership. The journal addresses researchers, academic staff, specialists involved with sciences, arts and management, both from government organizations and from private and public companies. Also, graduates of specialization courses as well as other specialists may find in this journal a direct link between the offer and demand of the readership. The journal was conceived as a means to develop scientific and technical relationships between people who offer and request solutions for global challenges and the remedies thus facilitating the exchange of technology and know-how, as well as the confirmation and implementation of methods. The Editors gladly welcome any persons or organizations, who correspond to the abovementioned purposes and objectives to use our journal to identify potential collaborators, thus contributing to the support of this self-financed journal. The Sabaragamuwa University Journal is a non-profit academic journal subsidized by the Sabaragamuwa University of Sri Lanka.

**Prof. Mahinda S. Rupasinghe**  
Editor in Chief
