## **Acknowledgement**

***Every student owes a great deal to his or her teachers and I am no exception. I would like to acknowledge the interaction I had with all my advisors and lectures at the Sabaragamuwa University of Sri Lanka. In particular I would like to acknowledge total support provided by Mr.K.S. Senthilkumar and Mr.R.M.N.B. Rathnayake, , who gave me valuable guidance to carry out the project successfully.***

***In addition, I would like to extend my special thank<sup>s</sup> to both non-academic staff of Sabaragamuwa University of Sri Lanka and University of Ruhuna. I am happy to mention that throughout my university career, I have been very lucky to be around excellent lecturers who contributed a lot to improve my knowledge and education, which was helpful to me in writing every aspect in this study.***
