Steps taken to finish this Dissertation

- **I collected the most of the information about Balangoda Plantation LTD from the library of Sabaragamuwa University of Sri Lanka. A Magazine and annual reports were very helpful to collect information.**
- **I went to the Balangoda Plantation LTD to get the information. They helped me to collect the information.**
- **Because of our field trip to University of Ruhuna, I could design the Web pages very successfully and I could learn more about Web pages through the Internet.**

Introduction

This Publishing Project was done by using Front Page Software. The Web Sites are very important in the present new technological world. I have done this project to fulfill the subject of CA 3132(COM 312) in year 111 Semester 1 for my degree program. I have linked the web pages by using Hyperlinks and navigation bar and I also used Flash software and Photo draw software.

I designed the web pages by using Emotion files, Image files, sound, horizontal lines....etc.

Charts and graphs are imported from the Microsoft PowerPoint and Microsoft Excel. The Front Page package program is important package in the web sites.
