## **ACKNOWLEDGEMENT**

First I convey my thanks to Mr. W.N.N.K. Perera Lecturer of the Social Science department for his impregnable guidance and supervision through out the study

Secondly I extend my thanks to Mr. N. F. R. A. Fernando who gave me the basic information and details of the research and assisted me in my research work by providing printing facilities.

I wish to extend my thanks to Rev. Fr. Paul Fernando for his great help in preparing the report.

Finally my kind gratitude extent to my sisters Nimanthi, Harshani and to my university collides and all others who helped and guide me in various way for ending up with good product.
