Sri Lanka Journal of Population Studies is a double-blind peer-reviewed journal. All manuscripts considered appropriate for the journal are reviewed. To preserve anonymity, authors and referees should avoid self-identifying references. Submission of a manuscript to *Sri Lanka Journal of Population Studies* is taken to indicate the author's commitment to publish in the journal. A paper submitted to *Sri Lanka Journal of Population Studies* while it is under review by another journal will not be accepted for review.

Views expressed in the Journal do not necessarily reflect the views of the Population Association of Sri Lanka.
